NOTICE OF

Letting of Contract For Addition to School Building.

Notice is hereby given that the undersigned trustee of the School Town of Remington, Jasper Co. Indana, will receive bids up until twelve o'clock, (noon) on Friday, July 14th, 1916, at the office of the secretary, for the building of an addition to the present school building in Remington, Indiana, said building to be completed according to the plans and specifications therefor prepared by John A. Bruck, architect, Kentland, Ind.

The said plans and specifications are now on file at the office of the secretary of the School Board. Bids will be received for a general building contract completed according to said plans and specifications, and in strict accordance with the specifictaions now on file.

Each and every bid must be sealed and accompanied with a certified check in the sum

Indiana companies practically assem-
bled. News dispatches telling of the
coming order had been received with
such enthusiasm in practically every
city where a company of the National
Guard is maintained that the officers
unofficially began their work at once.
Recruiting offices were opened by
nearly every company of the Guard
to attempt to obtain the full war
strength of the company before fur-
ther orders are received, and so great
a stimulus to recruiting was the clos-
prospect of actual service that many
applications for enlistment were re-
ceived at once.
Press dispatches carrying news of
the coming order created much excite-
ment in most of the National Guard
